Usage notes:

- Referrer: The point-of-contact who has given referred you to this contact. Leave blank if Contact Person = Referrer
- Leads are general for anyone to pick, to start, assign them to yourself and move ahead!
- Link only sharable content on the board.

How to approach an Alumni:

- ☐ General conversational start and why the Alumni is interesting
- ☐ Who and what Humans of MISM is about
- ☐ What are we expecting?
- ☐ How do they want to go about the session - present a deck / have a talk / just questions
- ☐ Scheduling and duration of session check?

What and Why Humans of MISM?

- student led + unofficial
- we are trying to build a community of Information Systems new and graduated folks
- why alum's are an important part for that
- why is this over and above Heinz organized sessions

Alumni Template Deck:

https://docs.google.com/presentation/d/18PHQgi0lwdXYLMqZM7st6JdgbIFKvFIU?rtfpof=true&authuser=ygaurav%40andrew.cmu.edu&usp=drive_fs

We are trying to organize some sessions as part of a broader community effort at Humans of MISM.

Just an initiative that we thought could be helpful for the current and graduated students to come together on one page. My program starts in Fall this year, however, we thought that perhaps reaching out and making these connections would be a great starting point to prepare towards MISM.

Rules of Procedure for a Moderator:

- ☐ Intro of the speaker
- ☐ Host/Co-Host access to the Zoom session
- ☐ Confirm QnA session strategy (Anytime or at the end only)
- ☐ Chat moderation/question presentation strategy confirmation
- ☐ Menti/Session feedback form (if needed) setup - not around the content
- ☐ Report un-answered question (if any) to the speaker.
- ☐ Common Question repository update (?) (if needed)

Keep up the energy! Keep it interactive!
